

A PERSON IS KNOWN BY HIS WORDS

Once upon a time, a King with his minister went to forest on hunting expedition.

After some time the king became tired.

They get down from their horses and took rest under the tree

I am feeling very thirsty.
Can you please search
some water for me?

The minister was searching in the jungle for water...

At last there seems to be
some human dwelling.
Let me ask there for water.

There was a blind sage...

Hey! I am the minister. I have come to find drinking water for our king, Give me immediately.

A cartoon illustration of a bearded man with a speech bubble. The man has a dark brown beard and mustache, and is wearing a light-colored robe with a purple sash. He is pointing his right index finger upwards while speaking. A white speech bubble is positioned to the right of his head, containing the text.

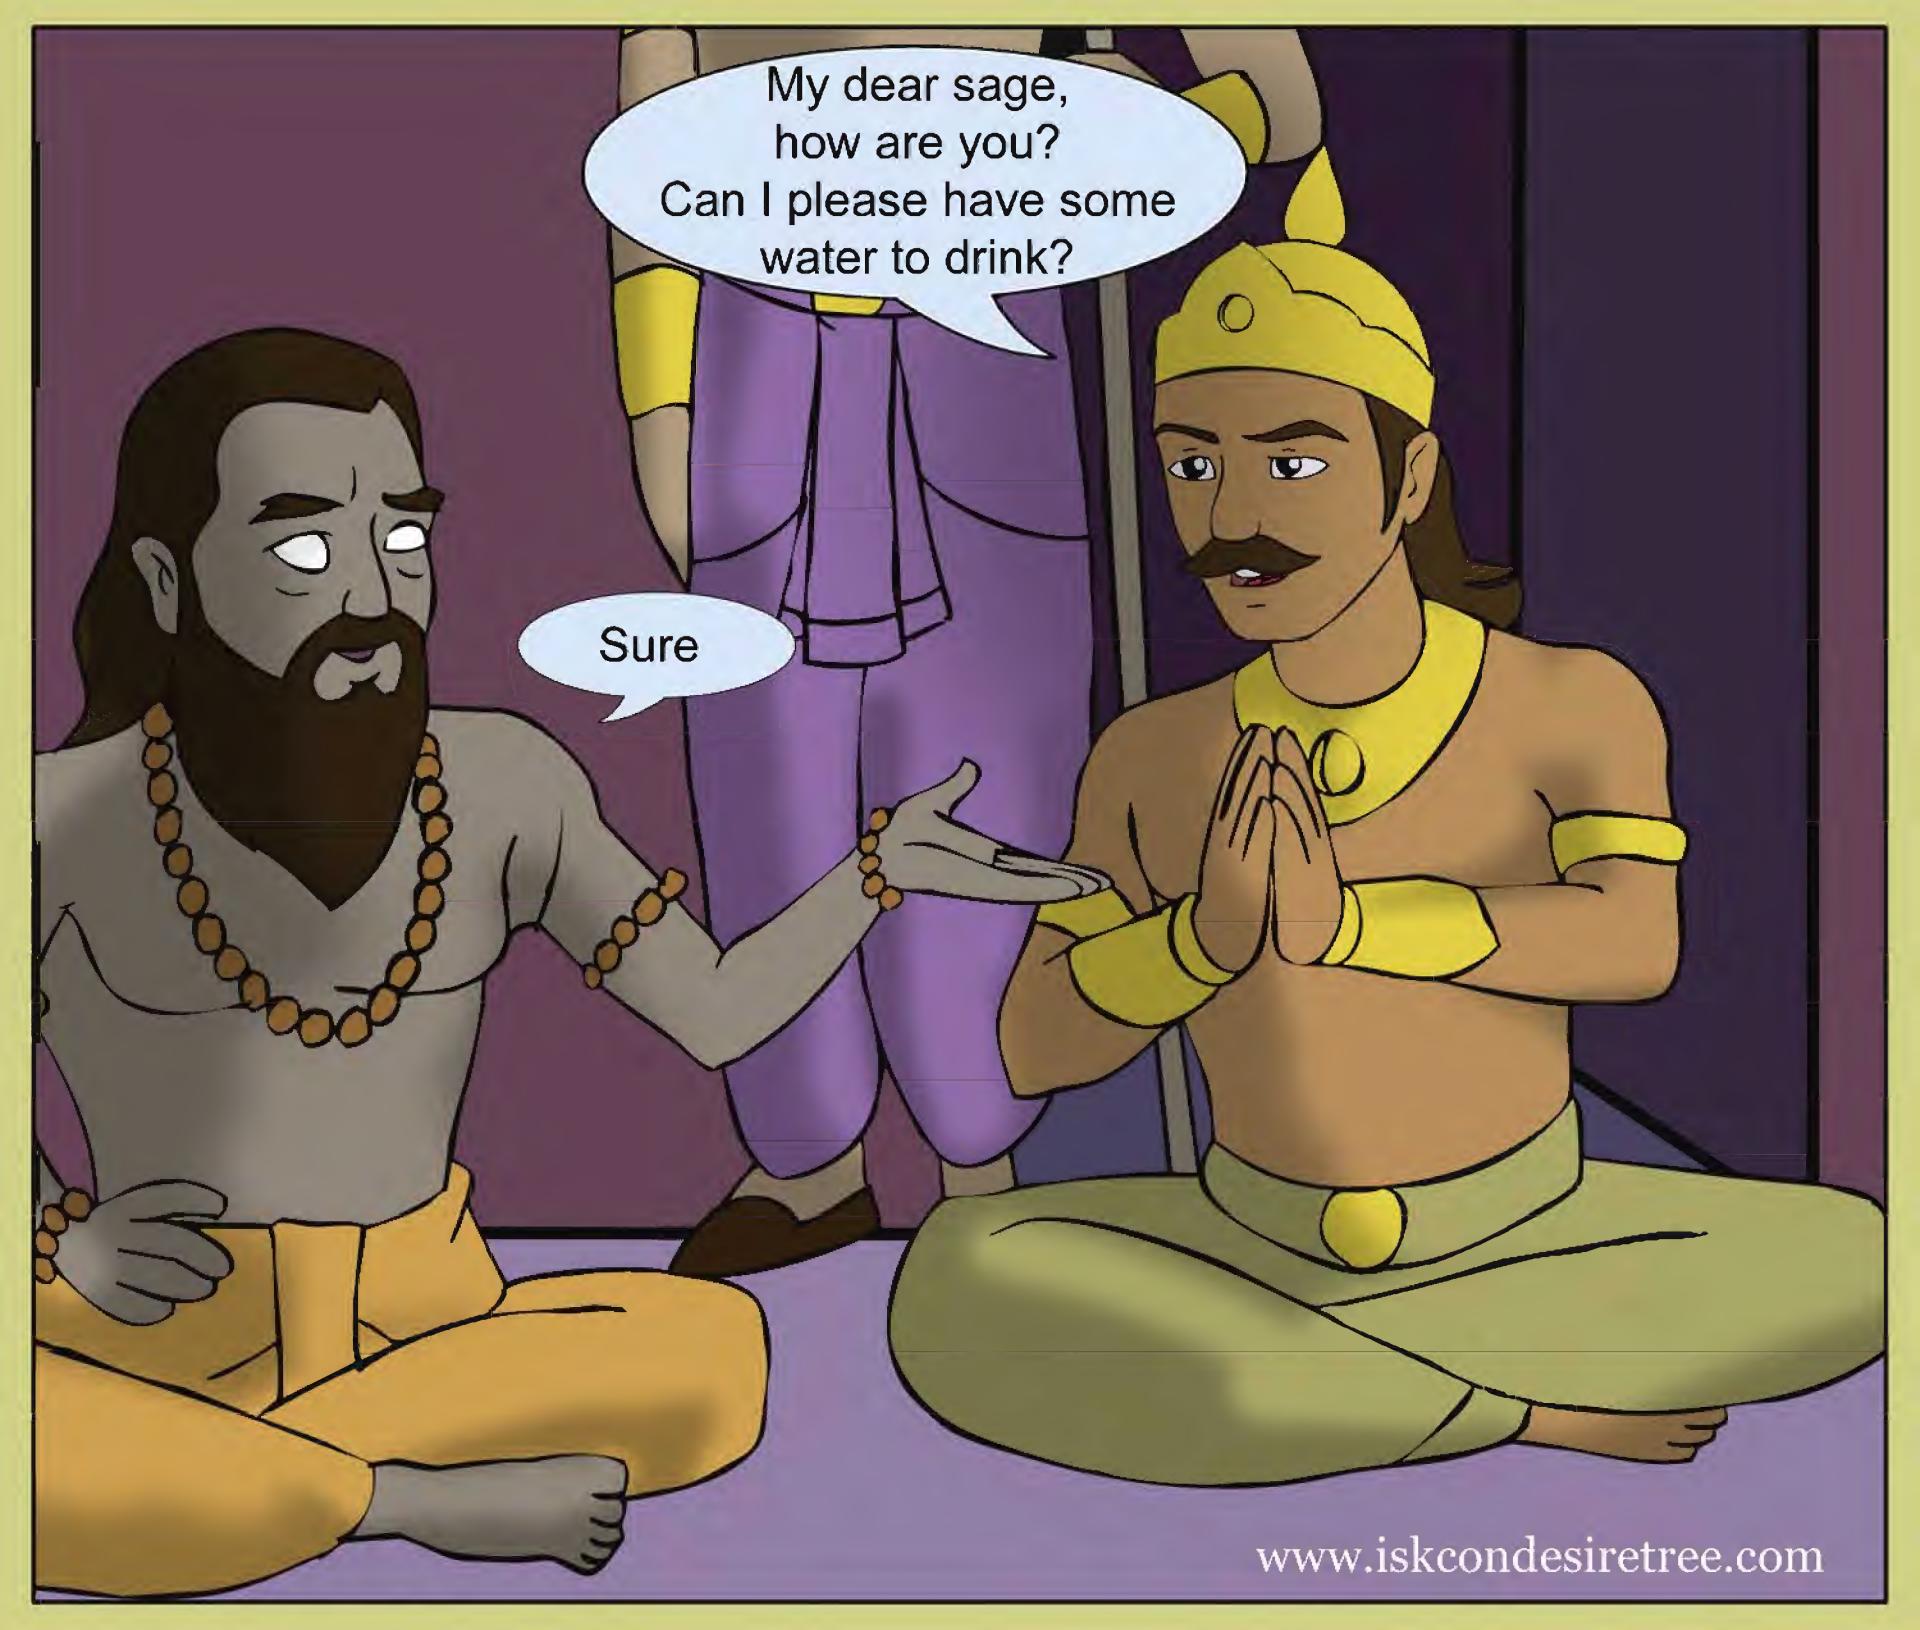

Tell your king that if he wants water he should come here.

I found a place for drinking water but the sage there would not give it. He says let the king come here and have water.

Something seems wrong.
Let me investigate.

My dear sage,
how are you?
Can I please have some
water to drink?

Sure

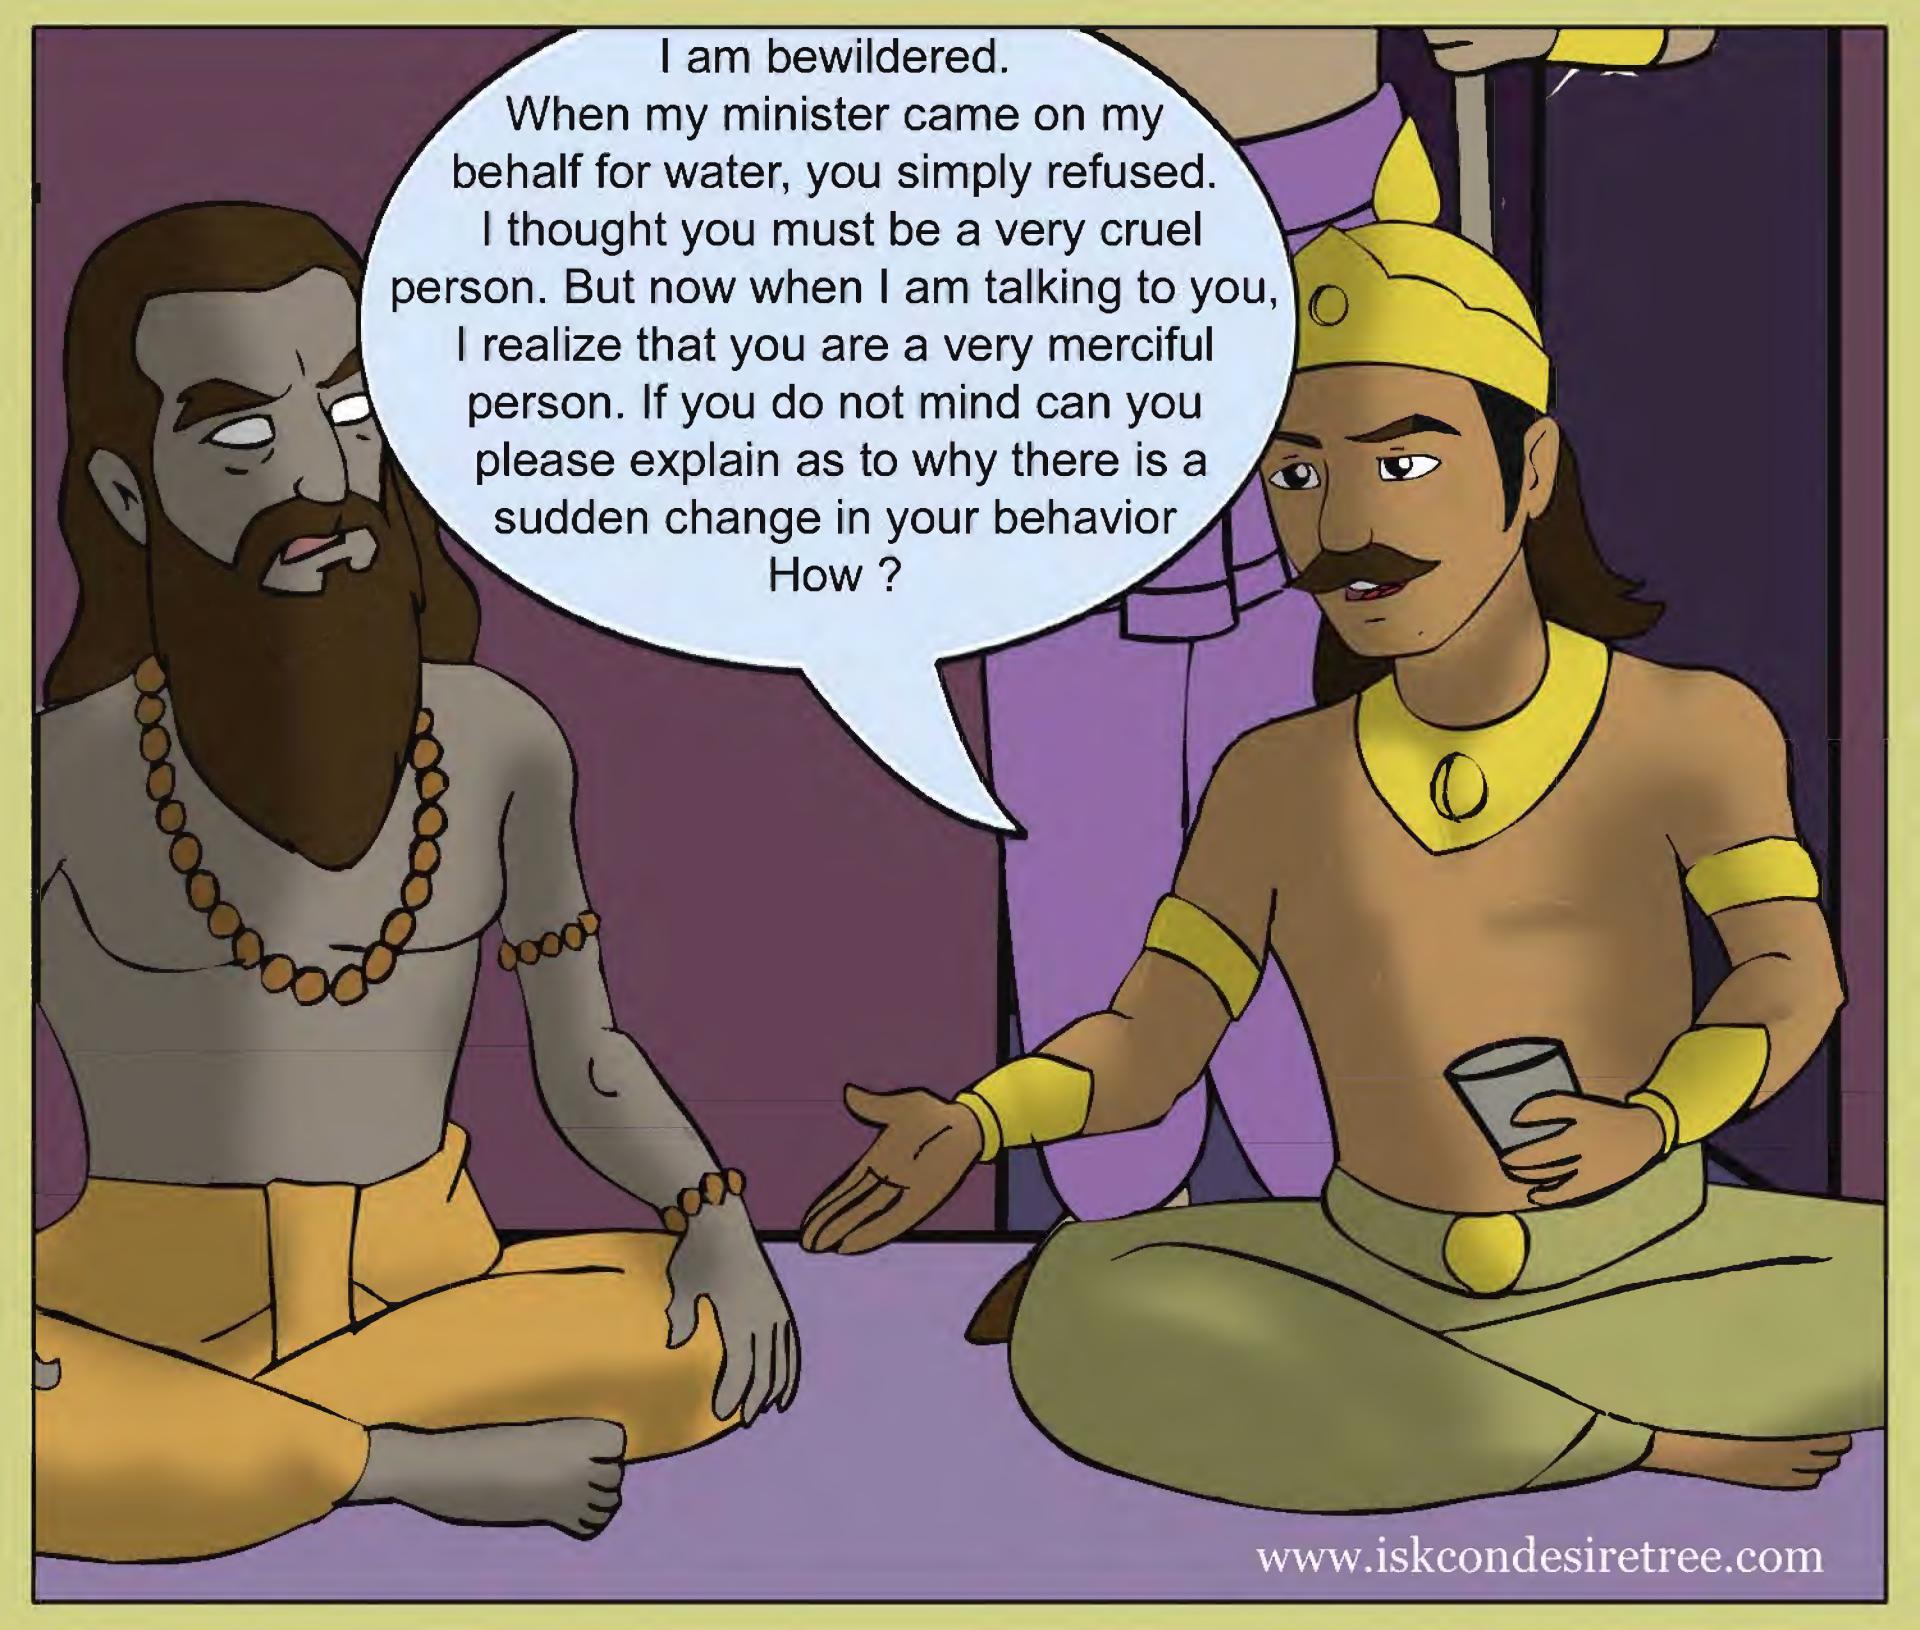

After water you may
have some fruits and then take
rest in my hut.

Oh sage! You are so merciful to us. Please let me know how I can repay you.

Oh King!
You have come to my hut
and that itself is your mercy.

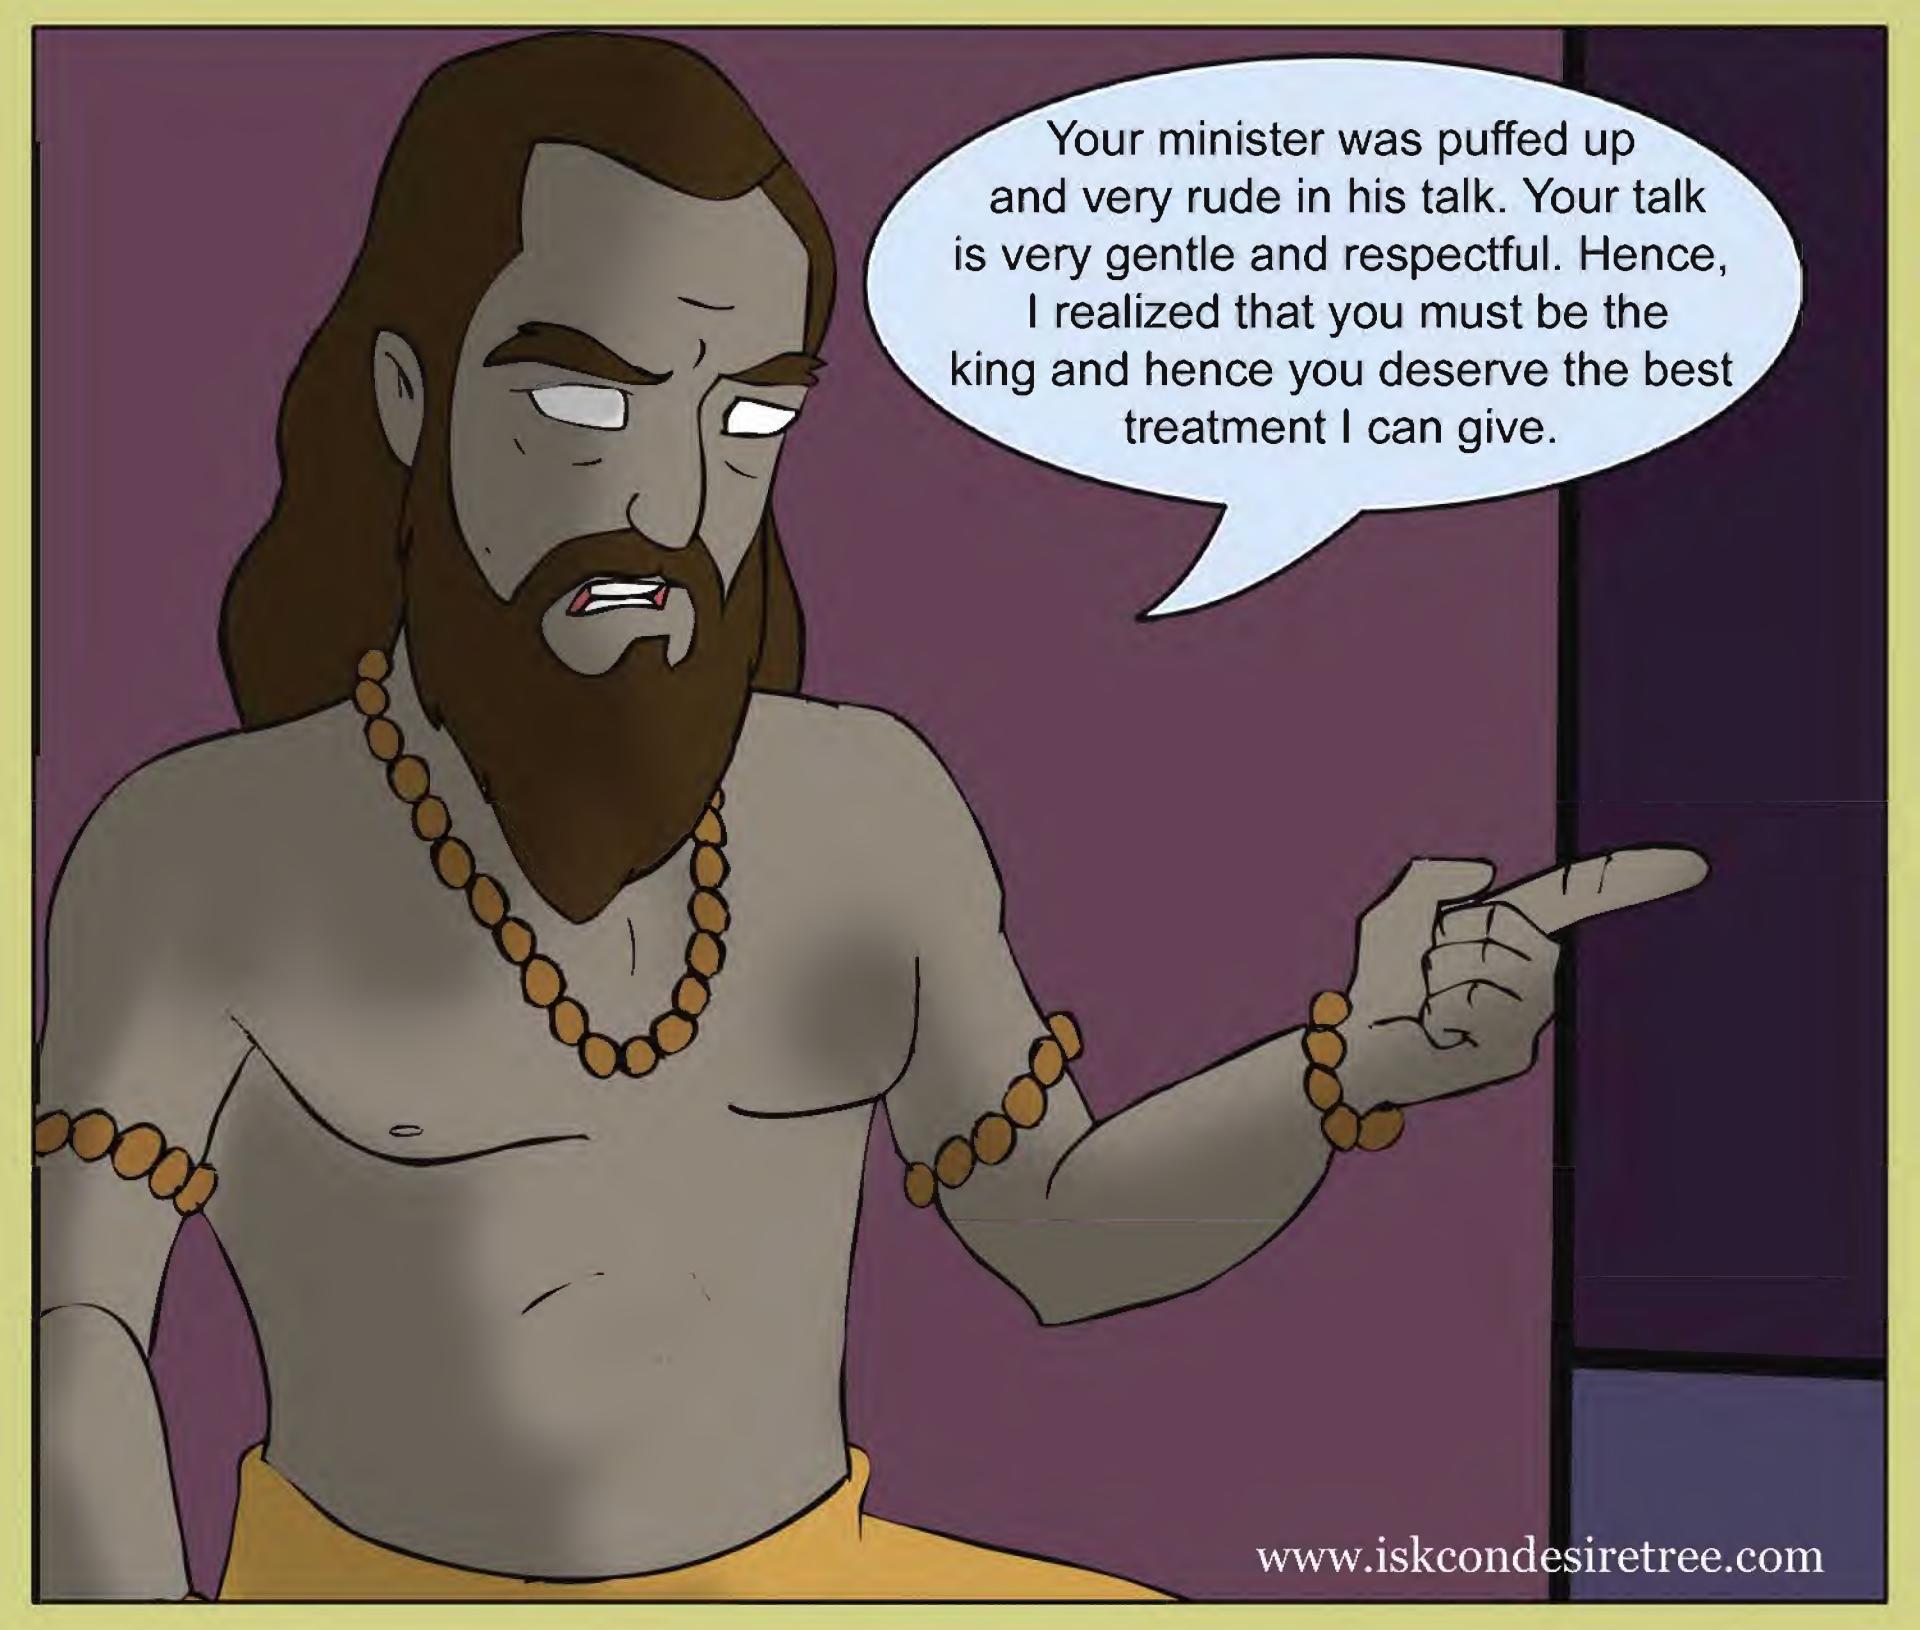

I am bewildered.

When my minister came on my behalf for water, you simply refused.

I thought you must be a very cruel person. But now when I am talking to you, I realize that you are a very merciful person. If you do not mind can you please explain as to why there is a sudden change in your behavior

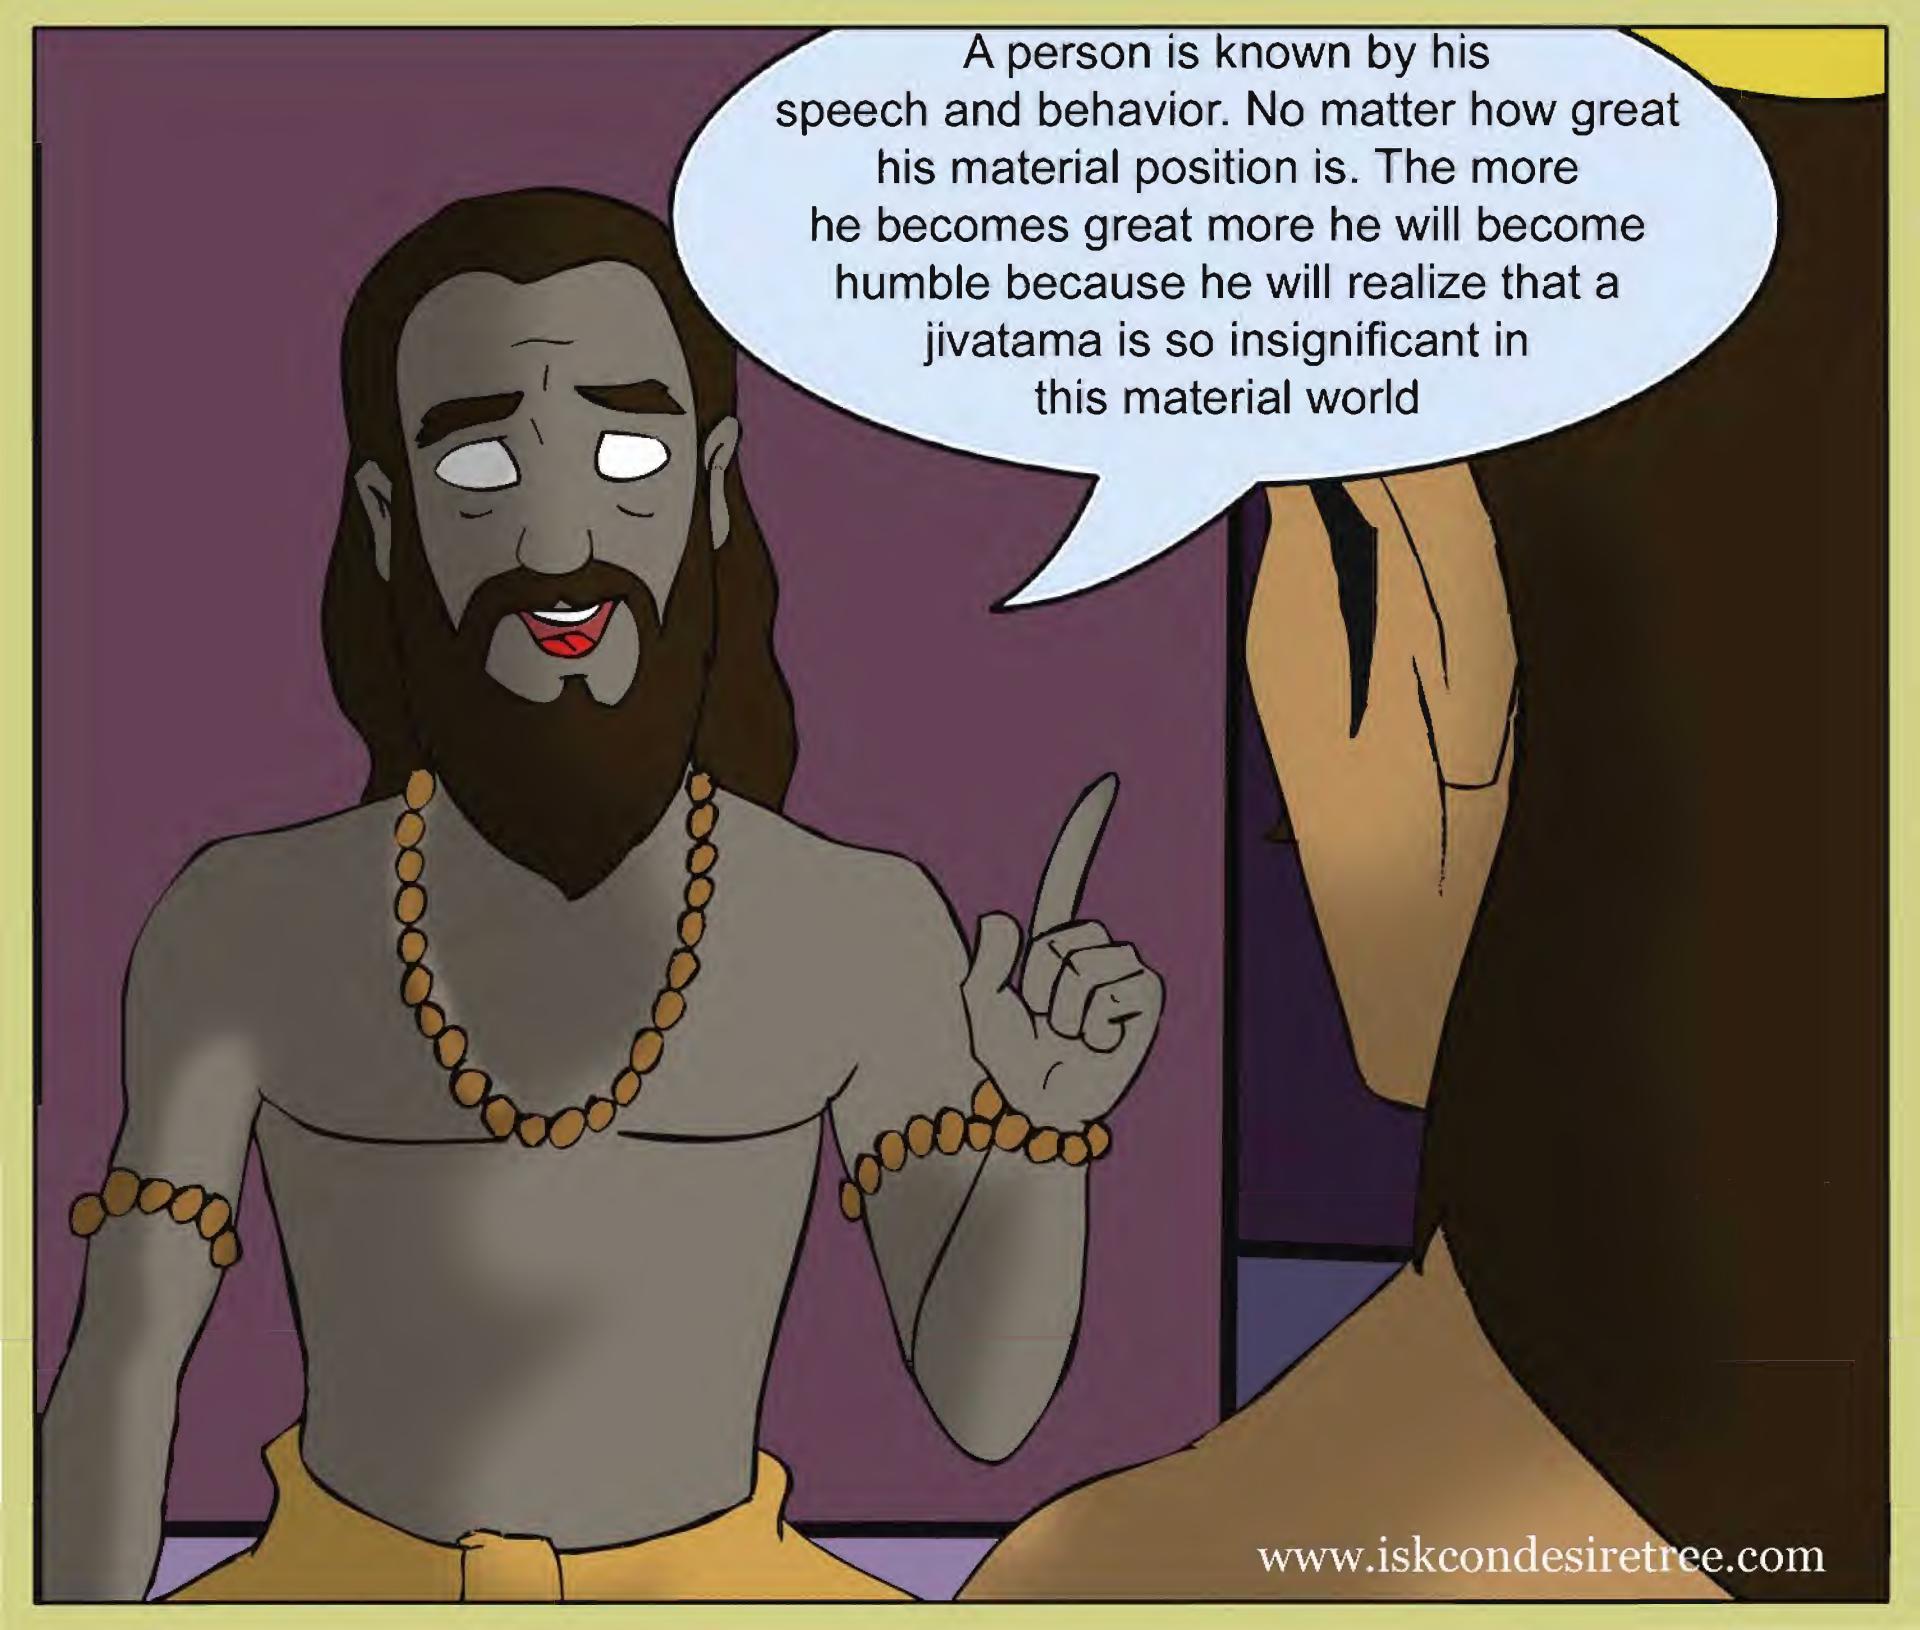

How ?

Your minister was puffed up
and very rude in his talk. Your talk
is very gentle and respectful. Hence,
I realized that you must be the
king and hence you deserve the best
treatment I can give.

Oh Sage!
Please forgive my minister.

A person is known by his speech and behavior. No matter how great his material position is. The more he becomes great more he will become humble because he will realize that a jivatama is so insignificant in this material world

I hope you
have learned a good lesson

Yes king. Please forgive my immaturity. I shall improve.
